Off and Running!

A smooth start. Lynda and I have set up our rooms for the respective multi-aged groupings (F-2 and 3-6), but there will be a good amount of time when we take advantage of student numbers to work all as one group. Our unit Topic for the term is based on Marine Life, expecting increasing complexity as children get older. We will also be doing some lead-up work looking toward the visit of the Life Ed van at the end of February. The Life Ed theme for the older students is: **"Mind Your Medicine"**, which talks about the good medicines we use for different conditions and what a healthy life style may look like. It also explores the qualities of friendships. The Life Ed theme for the younger students is: **"Clued Up"**, which discusses inside and outside body parts, healthy foods and activities, working together, our emotions and personal safety. Remember, this is a **program** of activities within the classroom and the van visit is part of the program, not an isolated one-off visit. You'll be getting details of the cost of this program and other "School Fees" soon.

Assembly

We'll have an assembly tomorrow (Friday) afternoon for the main purpose of awarding School Captain badges to Helena and Sofia of Year 6. You'll understand that student numbers now preclude the need for a regular "whole school" assembly as we have done in the past. 3.20 pm in the great space of the BER building (not the Hall!).

Have a great weekend!

Garry
